

VÖLKEL GmbH - Postfach 101018 - 42810 Remscheid

TO WHOM IT MAY CONCERN

Remscheid, 16.06.2008

**Full Warranty**

All VÖLKEL and V-COIL products are fully guaranteed against faulty materials and workmanship and will be replaced or repaired, at the seller's discretion, free of charge if found to be faulty provided it is returned to the seller at the buyer's cost.

VÖLKEL Thread Cutting Tools are carefully manufactured from High Speed Steel in accordance with the relevant ISO-, DIN- and JIS-Standards. They are heat treated to give long life and satisfactory service when used on the work for which they were designed and intended.

V-COIL Standard inserts are manufactured from fully certified, aircraft quality, 18/8 austenitic stainless steel in accordance with DTD 734A (equivalent specifications SAE AS 7245, DIN/NF 2947, W.Nr. 1.4301). This material yields a high degree of toughness and hardness and is highly resistant to corrosion. It is suitable for operation in temperatures ranging from -160°C to +420°C withstanding surges of up to 500°C.

This guarantee does not apply if inspection shows that the tool has been worn out from use or has been abused.
